

## CREDAI Goa's installation night held

The Goa Chapter of Confederation of Real Estate Developers in India (CREDAI) hosted their installation night and media interaction. Members of the real estate fraternity were present at the event and were in deep discussions over regulatory and economic issues. Dr Desh Prabhudesai, re-elected as President of CREDAI Goa shared the industry's pet peeves – increased taxation, labour and raw material issues and policy paralysis on important matters like the RP2021, not to mention global and domestic recession. The newly elected Executive Committee was also introduced at the event.
